File Early Evidence Tippit Bullets

AIRTEL The Laboratory is **AIR MAIL** to expedite the return of the gun previously furnished to the Bureau...

TO: DIRECTOR, FBI (62-109060) ATTN.: FBI LABORATORY
FROM: SAC, DALLAS (100-10461) (P)
RE: ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS MISCELLANEOUS INFORMATION CONCERNING

Re Bureau teletype to Dallas, 3/13/64, requesting additional bullets removed from Officer J. T. TIPPIT's body.

Captain WILL FRITZ, Dallas Police Department, advised March 13, 1964, that the three .38 caliber slugs that were recovered from Officer J. D. TIPPIT's body during the autopsy had been placed in his files by a detective who had not recorded same and that when Captain FRITZ had previously advised this office that only one slug had been recovered, he was in error and apologized for furnishing that information. The one slug which was previously furnished by the Dallas Police Department, according to Captain FRITZ, was recovered from TIPPIT's body at Methodist Hospital in Dallas just after the shooting of TIPPIT and prior to his body being taken to Parkland Hospital for autopsy.

File in FBI Laboratory

Cover

The three .38 caliber slugs, which are being transmitted under separate cover by registered mail, were the slugs recovered during the autopsy at Parkland Hospital and which the Bureau has not examined, to-date. The other .38 caliber slug has been previously sent to the Bureau and has been compared with the gun in OSWALD's possession at the time he killed TIPPIT.
