This proposed letter for the President's signature is OK, if the President will buy it. However, the last two sentences on page one constitute a clean bill of health for the FBI, which the President may regard as a proper function for the Presidential Commission, following its study of the assassination and the subsequent murder of Oswald.

The President may feel that we are putting him on the spot by including these two sentences, even though we regard them as truthful and accurate.

A. H. Belmont
