MEMORANDUM

TO : Mr. Slawson

FROM : S. E. Stern

SUBJECT: Activities of Office of Naval Intelligence

I am planning to write to ONI to request an explanation <sup>of</sup> noticeable delays in their performance of liaison functions, including advising other interested agencies of events regarding Oswald, and responding to specific requests for information.

I would appreciate any suggestions you have as to events that I might cover in such a letter, and any similar or related matters which you think the Commission should raise with ONI.
