Lt. Col. Allison G. Polson
Records Branch
Personnel Department
Headquarters/United States Marine Corps
Washington, D. C.

Dear Colonel Polson:

The Marine Corps records apprised us several days ago that on 3 May 1957, Lee Harvey Oswald was granted "clearance" to handle classified matter up to and including Confidential." However, we have received sworn testimony from John M. Rooney, the unit Assistant Operations Officer and Training Officer at Marine Air Control Squadron No. 9 in Santa Ana, to the effect that Oswald's job required a Secret clearance.

Moreover, two of Oswald's fellow enlisted men at MACS-9 have testified that Oswald lost his clearance and was therefore relegated to non-sensitive jobs.

It would be helpful to the work of the Commission if you would determine whether Oswald ever received clearance to handle higher than Confidential material, and whether any clearance given to him was taken away. If you have any questions concerning this request, please contact Mr. John Eust Ely of our staff by telephone.

Your cooperation in this matter is greatly appreciated.

Sincerely,

cc: Mr. Franklin
Mr. Willens
Mr. Ely
