ASSASSINATION OF THE PRESIDENT

John F.

Walter Jenkins, Special Assistant to the President, told me on 9/64 that a friend of his had just returned from Dallas, Texas. In Dallas Jenkins' friend had allegedly met with one of our Special Agents. This Agent had formerly been assigned to the New Orleans Office. The Agent told Jenkins' friend he had been transferred from New Orleans as a result of getting into difficulty with a woman in the French quarter.

The alleged Agent also reportedly told Jenkins' friend that he assisted the investigation of the Oswald case and that Oswald, prior to his murder, was definitely an FBI informant. The "Agent" stated that FBI files in Washington would prove this fact.

I told Jenkins that while I doubted very seriously that any of our Agents had furnished this fact to his "friend," that at the same time we, of course, would make a check and find out if the description given this "Agent" fitted any of our people. I asked Jenkins if he would mind letting us interview his friend. He stated that the information had been furnished him in confidence and he preferred not to reveal the identity of this fellow. He stated he wanted to let us know, however, that he had made very clear to his friend that this was an old rumor that had arisen time and again, and that the FBI had branded it as being completely false. Jenkins stated there was no question in his mind regarding the falsity of this matter.

RECOMMENDATION:

Despite the fact that this matter has been tied down as being false, it is considered desirable to review personnel files of Agents in Dallas to find out if any of the Agents have been transferred there from New Orleans for a type of disciplinary problem as described above. If there is such an Agent he should be interviewed regarding this matter. It is, therefore, suggested this memorandum be forwarded to the Domestic Intelligence Division for appropriate action.
