

“Honorable Men” Chpt 8 “The Thoroughly Terrified Commission”

Starts w/ January 22, 1964 transcript. . . See Post Mortem beginning on p. 475 . . .
. . Here is where Dulles says that “I think this record ought to be destroyed.” THE QUOTE IS ON THE 13th page in the book . . . He makes no further recommendation for the Jan 22nd transcript.

Shifts to the January 27th transcript. The transcript appears in Hal’s Whitewash IV pp. 36-121. The page nos at upper right are the page nos of the transcript are those of the court reporter. . . It was Rankin who then told the Commissioners that (on p.2) that Oswald worked for the FBI was what was being carried in the press.

This is the bombshell transcript of January 11, 1964. . . the one in which evidence disclosed in the press that Oswald had ties to the FBI. . . .!!!! How as the WC going to handle this? Their response was to ignore the charge and move to clear the way for an Oswald lone assassin w/ no connections to any US agencies. . .

NOTE: This is a Key Chpt. It reveals in stark terms that the WC knew Oswald was not a lone assassin. That he was an FBI source (what about CIA). . . at a low level. . . Also draw in here the CIA/ONI program of infiltrating agents into the Soviet Union . . . Pentagon’s Language school in Monterrey, Calif.

I will have to come to deal w/ this. It is all prelude to the WC’s January 27th mtg.
