10B FBI Lab report on the walker bullet (Q188) Basic conclusion: not possible to determine if bullet fired from K1. . . .Date of this is 12/9/'63

11B Jevons to Conrad 5/14/'64 discussion of Frazier's WC testimony and notes that Frazier identifies the "nick" in tie "may have been caused by projectile."Folder # 13

RG 65 Box 109

Projectile and not a bullet. . . .keeps to FBI party line of this but shifts from nick (caused by scalpel) to projectile . . . Note that Specter asked for JFK's back brace but not to describe it. . . .**** tie this in with argument that brace kept him propped up argument., . .Folder 13

RG 65, *Box 109*

1C. Rankin to Hoover Part of the Minox camera scam. . . . Ruth Paine requests a list of things taken by Dallas police to be returned to the family. Item 5 is Minox light meter. Folder 23.

2C. Altered evidence sheets one with Minox Camera and one with altered Minox light meter. . . .This was changed by the FBI. . .Folder 23

3C. Italian military authorities declared the Mannlicher/Carcano (alleged murder weapon) as obsolete in 1958

4C Lyon (who ran the AEC paraffin tests) describes the procedure. Folder 129

5C This is record of FBI report to WC on Connally's clothes. . . that was sent 4/16/'64 . . . notice the sly admission that clothes were laundered and forensic

results compromised.

6C Jevons to Conrad 12/19/63 Arrangement of strict secrecy made with AEC to run paraffin tests on Oswald casts. . . .Group kept to small number/hush/hush. Aebersold is to be cut out of the program because "his propensity for publicity makes him difficult to control." Box 115/F. 129.

7C Jevons to Conrad 1/9/64 Box 115, F. 129 Rankin & WC appraised on the hush/hush work with AEC on NAA testing. . . Note Aebersold's post. . . He is the Director of Isotopes Development. . . . but will not be included in the testing. He will not be told. . . .

8C Jevons to Conrad 3/27/'64 Heilberger's report on Walker bullet. . . Spectro tests cannot connect the Walker bullet with lead alloy of bullet frag from the limo. Box 115, F. 129.

9C Complaint to Jenkins 9/30/'64 re: criticisms of the FBI in the WC Report. FBI had an advanced copy. . . (I might considering doing a chpt. On FBI attack on the WC)>

10C. SAC, Dallas to Director 3/14/'64 FBI excuses for not bring the other 3 Tippit bullets into the investigation. Blame layed on the Dallas police. . . .(another case of FBI sandbagging the investigation . .

11C Liebeler to Rankin and Rankin to Hoover indicating suspicions about Day's life of palm print off K1. (I have this in unpub. Chapter w/BOT) Box 111C /F. 79

12C FBI micro dot search on Oswald's items. . . .I need to quantify*****

13C To FBI, Dallas 3/6/'64 Box 111/F. 45 Acknowledges FBI looked at the paraffin test results by Dallas C/CCounty Criminal Investigationsand acknowledges that AEC now involved.

14C Marina bracelet/Oswald's MC trip. A batch of docs on this issue.

15. To FBI< Dallas 3/6/'64 Box 111A/F. 53 from FBI Lab Here is the first explanation of why the AEC NAA tests were not conclusive just suggestive. . . .In short the first expression of the FBI line on this. . . .and what Gallagher's rehearsed testimony with Redlich in Sept.

16C Copy of DCCCIL Report Box 111A/ F 57 Note where it said Discard charged to read Reserved for dis. . . . (indecipherable)

17C FBI Lab report to Rowley 12/4/'63 Box 111A/F 55 FBI first propose that the slit in collar and the nick in tie might be result of a "projectile." No bullet metal found around these objectsBeginning of the FBI party line on JFK's collar/tie

18C Dallas to Director, 4/16/'64 More on the Marina bracelet. . .

19 C Rankin to Hoover 7/24/'64 Box 116/F.170 Rankin wants pics of alleged crime scene. . . esp. the so-called "sniper's lare."

20C AAG Miller to Hoover 2/10/1965** Box 116/F168 List (was it Rankin's) of items in the case to be kept in possession of the government. Yes, Rankin composed the list. Item 50 is the WALKER Bullet. . . .

21C Jevons to Conrad 4/9/'64 Box 116/167 It was Arlen Specter who delivered Connally's clothes to the FBI. . . .

22C Director to SAC, Dallas 6/17/'64 Box 116/106 Stuff returned to the Paines. . . .Item 10 B-2 is this suppose to be the Minox camera (written in pencil???) Paines got everything else Minox. . . .Very suspicious. . . *****

23C Hoover to Rankin 3/18/'64 Notes materials that could produce a positive paraffin test result. . . .stuff that was not part of a shooting. . . At the end Hoover brushes off the whole business of NAA. . . THIS Was in March. . . .Does it shift a bit as we move ahead*****Box 116/F180a

24C Hoover to Rowley 3/26/'64 Hoover notes that FBI received the windshield of the limo from the White House on March 20, 1964 to examine the windshield.

25C Jevons to Conrad 3/31/'64 Purpose of this was to dissuade Eisenberg that paraffin testing is highly unreliable. . . . Box 116/F180b

26C Rankin to Hoover asking about all the other shells discovered in and around Dealey Plaza. . . .or turned in by citizens. . . .Box 116/180B Hoover responds with nonsense examples. . . .

27C Are a few examples of shells found in the vicinity of Dealey PlazaI have some of this in BOT and in garage files. These are the other potential evidence that should have been accounted for and explained. . . .and not fobbed off as Hoover does in this case.

28C SAC, Dallas to Director 12/2/'63 Box 116/F.178 More on the Walker bullet. FBI does everything to tie Oswald to the Walker shooting except make its case. Here is another example of going to the finish line but can't cross and assert that the Q188 came from K1. Reason: because it did not. . . . Do I have a source from the Dallas police that insisted that the bullet was steel jacketed. . . or was steel***

29C FBI results on the limo windshield. . .
