

Notes on FBI/Dallas Police re: Oswald's background

Issue here: Did the Dallas Police know about Oswald and his possible governmental connections prior to 11/22

Issue was raised w/ hard feelings when Police Chief went to press and blamed the FBI for not revealing the name of Oswald, etc. . . . Hoover went ballistic. . .

Clay's take:

Dallas Municipal Archive Records reveal that the DP were aware of Oswald well before 11/22. . . I should have these on hard drive. Check Archive.

Also tie all this in with the brouhaha started by the January 1, 1963 story in Dallas press. . . about Oswald and No. S 179 . . . This was played out in WC Ex., Session of 11/22. . . .

Can this be tied in with Ruby and his fluttering. . . .
