At about 1:17 Dallas police get call about shooting 400 block of E. 10th street. 118 police broadcast call that office involved in shooting. Describe shooting—3 shoots were fired. . .(not 4 as was the case).

Notes shortly after police get call from Texas Theatre based on Johny Brewer's account of a man acting strangely .At 1:28 Police report Tippit dead at Methodist Hosp. And that the description of the suspect in Tippit shooting and JFK assassination were similar. (How was that possible w/o it being part of the setup to frame Oswald ???) Moves onto struggle in theatre and capture of Oswald. He was placed in custody of Homicide Dept. at about 2:00 P.M.

Note: Compare with time table that has Oswald in frame at 1:40 as the assassin of JFK and Tippit and the one who wounded Connally.\

At 1:38 A.M. Oswald charged with murder of JFK. To the charge of "murder with malice" Oswald response was (according to Kelley) "that's ridiculous."
