SUBJECT: ASSASSINATION OF THE PRESIDENT

Pursuant to the Director's instructions, I met with Senator Richard B. Russell (D-Ga.) at 3:45 p. m. Inspector Jim Malley accompanied me.

I told the Senator that the Director probably had the greatest respect for him than any other man on the Presidential Commission; consequently, the Director was most anxious that any misimpression which the Senator might have gotten, regarding leaks concerning the captioned matter, be straightened out immediately. I mentioned that the Director had maintained throughout that there should be no press release unless it emanated from either the President or either the Presidential Commission. I told Senator Russell that the Director had issued specific instructions that no information be given from the FBI and that we had religiously adhered to these instructions. I told him also that there had been others who thought that a press release, based upon the FBI report, should be issued immediately. I reiterated that under no circumstances had we "leaked" any information; however, we certainly knew that it had been coming from other sources.

The Senator inquired as to the identity of the sources who had been "leaking" information. I told him it appeared quite obvious that considerable of the information came from the Dallas Police who had received the results of our Laboratory and Identification examinations. He stated he recognized this fact. I told him also that the Department undoubtedly had "leaked" considerable information as it was quite apparent that a number of their "favorites" had carried rather lengthy articles concerning information contained in the FBI report.

Senator Russell told Mr. Malley and me that he was glad to hear an FBI denial in this matter. He stated that Deputy Attorney General Katzenbach had directly implied that the "leaks" had come from the FBI. He quoted Katzenbach as telling the members of the Presidential Commission, "J. Edgar Hoover has chewed his men out for leaking information and they won't be doing any more of this." I told the Senator that Katzenbach was obviously lying in implying such action on the part of FBI representatives. The point was made that sometimes a person tries to cover up his own guilt by blaming others.
