1. DeLoach to Mohr 12/11/1963 62-109090-11 (section 1)
WP story by Lawrence Stern on Rankin appt. as chief counsel. Story is rich in details of what is going to be the official story of Dallas. See Hoover marginalia re: surprise at some of the details that were "secret."

2. Evans to Belmont 11/25/1963 105-82555-NR
Indicates that Katz might have been leaking because of his urgency to get out FBI reports to the public. Just that Katz had motive as well as FBI.

Time was always of the essence for Katz - Note - Want Report out by end of week

3. Jerry O'Leary piece in Washington Star 12/10/63 Clearly received info from FBI. DeLoach was the source, certainly.

5. DeLoach to Mohr 12/4/1963 62-109060-19091

11. Hoover memo 12/12/1963 105-82555-NR (section 20)
Hoover blames leaking on Katz (JD). . . That Hoover any public release by JD indicating that a conclusion had been arrived at by FBI, etc. . . In short, Hoover wanted as the last thing, any pressure on the WC to feel obliged to arrive at certain conclusions, etc. All the time the FBI was doing just that with its leaking. Cute.

12. DeLoach to Mohr 12/17/1963 109090-37 Playing blame game still—JD & WC are sources of leaking DeLoach tells Ford.
