

Man in Doorway

Folder # 1A

1. FBI statements of persons in doorway. . . especially contrast Lovelady with Shelly's statement that Lovelady was seated in front of him when limo came passed and shots rang out. Lovelady programmed to say he was standing where it was really Oswald in the doorway. *****Statements were written up by FBI agents who missed "correcting" Shelly's statement re: Lovelady's location. See structured phrasing of the question: Did you see Oswald when Pres. was shot. . .
2. Weisberg long treatment of Altgens and his critical pix. . . p. 13 at bottom he notes where Liebeler on p. 522 of WC testimony tries to get Altgens to confirm that Oswald in his pix was really Billy Lovelady . . .note p. 14 Hal makes case w/ black workers on 5th floor looking out the window. . .and the fact they stayed at the window after the shooting and testified that they did not heard any movement from the floor above---someone scrambling to move from the window to the stairs. . . ***
I note on page that Hal has in "Conclusion" (Chpt. 11) of his Specter V. Specter some pages on the Oswald/Lovelady dispute. Last item under # 2 is Dallas press explaining that man in the doorway was really Billy Lovelady. . .

6. Hal Verb folder of the front steps of the TSBD at time of shooting. . .
7. Key doc. SS doc on interview with Pierce Allman Comm. Doc. 354 . . .1/29/'64 where SS is satisfied that man who pointed out phone to Allman . . .my job to calculate time of shots ringing out and when Allman comes in contact with Oswald within several minutes of the shooting. . .Here is Oswald's alibi. . . . See how I treated this in BOT. . . *****

12. FBI list of people in TSBD on day of the assassination. . . .some 73 names or thereabouts. . . (Refiled - Oswald as Sole Suspect)
