Files Consider for Man in Doorway (supplement to Verb Chapter)

(Folder 10/Box 7)

2. Rosen to Belmont 2/3/'64 confirms that shirt LHO wore to work on 11/22 was the one he was arrested wearing.

3. Confirms the above/shirt arrested in he wore to work on 11/22. Also 9. Confirms shirt he was arrested in was one he wore to work. Also 13.

11. Speer page on how Givens was pressured to lie re: Oswald on 6th floor. Note who gave Sawyer Givens' name. . . Was it Dt. Revill of intell squad???

12. Speer. . . notes that fibers found on K1 did not match with shirt LHO wore that day to work. Go back and review.

13. Shelly affidavit. . . He says after assassination he started checking around and asked Truly where Oswald was. . . Staged. Why would he be focused on Oswald in the wake of what just took place? This is all staged to fit into the fiction that Oswald was the only one to leave the TSBD after the shooting. Also note that Oswald will tell SS agent Kelley that he was in front of TSBD and spoke with Shelly after the shooting. . . **** tie this in with Verb work.

13A Speer.. . notes that Williams testified on 3/24/64 (3H161-184) notes that left the 6th floor at "approximately 12:20, maybe." Note that WC will shift this to 12:05 for obvious reasons. . .

14. Review of Barry Ernest book. . . . I shifted this to the Specter v. Specter file. There are pages in there dealing with why Francis Adams dropped out of the WC after a month on the job. . . Rankin's disdain for Adams***** I have refilled this with "Specter v. Specter."

15. **** Key doc. Rankin requests Hoover to get Saturday Evening Post to get original negative of Oswald shirt & compare with WC's Exhibit 150. See attached Speer pages.
