Friday morning, November 22, 1963 at about 4:00 a.m. and came into the cafe and ate a piece of pie. When he finished he came up to the cash register to pay his bill. He asked me if I was going to see the President. I told him "no" that I had seen the President at Sam Rayl urn's funeral. The man then stated that if the President came he might not get out of Dallas alive or a lot of people might not want to see him get out alive. I would not swear as to which statement he made. I sew the picture of the man arrested by the Police in the paper and I believe that the man that was in the cafe is the same man.
