

## OSWALD's LYNCHING

5

On 11/24/'63 (Early Sunday Morning)

Phone threats to the Dallas PD, the Sheriff's Office, and the Dallas FBI Hqers. Doc. Vernon R. Glossup to SAC, Dallas, (89-43)

Notes that at approximately 2:30 A.M. an unknown person called Dallas FBI Hqers. . . .Straight out the voice warned that he represented a committee . . . .and members of this committee are going to take Oswald and kill him. Warning was to alert everyone that this was going to happen. . . .

A similar call went out to the Sheriff's Office and the Dallas Police Department in the wee hours. 44-1639-44-1639-2

When Sheriff Decker received one of these threatening calls in the wee hours of 11/24 he tried getting in touch with Dallas Police Chief Curry. There was no response on the other line. Apparently Mrs. Curry had taken the phone off the hook. This account was given to Harold Weisberg by Decker. (Source: Weisberg MS Collection at Hood College under Subject Index "Decker.")

The Dallas FBI also received this threat. The FBI only publicly admitted this after it was reported in the national press. The source was the Sheriff's office. See DeLoach to Mohr, 11/25/1963 62-109060-971

When Oswald was moved on Sunday from Dallas Police Hqers to presumably a safer location. All of this preparation and time of the move was made available to the press. There were 150 newsmen in the basement when Oswald was brought down from Fritz's office.
