

Oswald in the frame, p. 4

13

The report notes that Lee Harvey Oswald “shot and killed President John F. Kennedy and Police officer J.D. Tippit. He also shot and wounded Governor John Connally.”

What is critical here is the time of this report. The form showed it was written at 1:40 P.M. CST. Just 1 hour and 10 minutes after JFK’s assassination. (So here we have the case all locked up: Oswald single lone assassin. . . .no conspiracy. On with the formality of a trial and sentencing.

The political myth of the daring do by the Dallas Police in subduing Tippit’s killer in the Texas Theatre:

The Warren Commission Hearings feature the accounts of the Dallas cops who allegedly wrested a pistol from Oswald’s hands as they struggled to subdue him in the Texas Theatre. All the accounts were depositions submitted by the officers; D.M. McDonald, Ray Hawkins; Bob Carroll; John Calvin Brewer; and Gerald Hill.

Feature McDonald

If you were so disposed to read their depositions in the Warren Commission Report the one thing they all had in common was they testified that in one capacity or another they handled the Oswald pistol.

Key doc: “Gun taken from LHO at time of arrest of Dallas Police 11/22/’63 No latent prints of Police found on gun.” (C-15K-8.38 S &W)
