9

MAKE POINT: PRESS STORIES RE: OSWALD AS THE SOLE ASSASSIN APPEAR IN NATIONAL PRESS FIRST ON 11/25 (DAY AFTER OSWALD'S DEATH) AND COINCIDENT WITH KATZ 11/25 MEMO TO MOYERS. . . . MAKE THIS CONNECTION*****

2. St. Louis Post 11/25/'63 Dispatch Wade summarizing the evidence against Oswald . . . He notes the palm print on the rifle lifted by Day (a lie) and O's positive paraffin tests on his hands (not a word about his cheek). . . all crap but all part of the Katz memo: Oswald had he gone to trial would have been found guilty.

Note: Find my files on Wade's conviction record in Dallas cases. . . *****

3. ***** Classic BS SAC, Dallas to Director 11/25/'63 concern from the White House (LBJ) too much talking taking place with Wade's office and the Chief of Police's office about the case. This especially refers to DA Wade (see #2 above) and his statements about the open and shut case against Oswald. *****Read it carefully.

3A. More examples of Oswald being tried in the MSM, , , , Esp. The NY Times, the paper of record.

4. Paul Hoch's analysis of the Military Intelligence's correspondence with FBI on 11/22 about Oswald. . . . Worth a close review+++++++He makes some good points that make more sense given today's info on Oswald. . .

Items 4,5, and 6 were transferred over to the "Origins of CD 1 file." I have yet to locate where I filed this

8. See Index

9 & 10 refiled in CD-1 folder

11. Another indication of rush to judgment by FBI

Oswald as Sole Suspect

Folder # 2, p. 2

12, 13, & 14 all missing from Batch #A All relevant to Rush to pin the crime on Oswald.

15. Evans to Belmont as stated. Emphasis on "time is of the essence," says Katz. Hoover asks "Just long will it take."

16. Notes that Katz is at pins and needles to get the FBI out so all the rumors and questions can be put to rest. He notes a telegram from a citizen send to the JD said it had to be a conspiracy because Oswald was not a crack shot, etc. Katz "recognized(Evans' words) that no report can resolve minutia."

17. Cites press interview with Chief Curry in which he held up pix of Oswald with a rifle. . . .Curry is quoted as saying "This clinches it." This
