

OSWALD AS SOLE SUSPECT

RE: CHAPTER WRITING STRATEGY (SUBJECTS/ORDER)

Addressing a luncheon meeting Theodore Vorhees, Chancellor-elect of the Philadelphia Bar Association admonished the legal profession for its alleged failure "to protest the publication of the evidence, the 24-hour interrogation, the violations of the prisoner's rights." Vorhees indicted the legal profession for standing idly by while Oswald was "lynched." /folder 5/ item 8

----- New York Times 12/5/1963 (Might want to check Ray Marcus vol. 2 for the page no.) [my source folder 5/item 8];

QUESTION: Oswald in the frame. All the following sources found in LHO as sole suspect For shooting JFK

- SAC, Dallas, to Director 3/30/'64 105-82555-3020 (section 124) LHO pix displayed in Dallas press on 11/22. The first exposure was transmitted on Ass Press Wire Photo System at 2:55 P.M. On 11/22 to all TV stations and newspapers who subscribed to the AP. Captioned matter said that LHO was arrested by Dallas Police for the Tippit murder and was questioned in the matter of the assassination of JFK. A Ferd Kaufman (AP) photographer said he "received an anonymous tip that suspect had been captured in the Texas Theatre. . . ." (F 5/item 4).
- SAC, Dallas, to Director 1/9/'64 105,82555-1354 (Sect. 64)mentions here that Inspector Sawyer heard from an "unidentified individual" (this is the phone call he got). . . .who said he saw an "unknown white male approx. 30, slender build, 5'10", 165 pounds running from TSBD. . . . (marry this with Sawyer's account in WC records. . .and my other document). P. 2 Cites Fritz who that LHO was missing from TSBD and "was probably" the shooter in the JFK matter. . .Fritz claimed that what sealed it for him was that Oswald was the only one missing from the TSBD after the shooting. . .(nonsense I will destroy later). It further notes: "A review of DI Police radio log for 11/22 "reflects pertinent entry of 12:43 . . .a slender white male, about 30, 5 10, 165 pounds"carrying rifle etc. . . This is what Sawyer

reported. . . (F 5/item 5). Then adds graph of Brennan's description of shooter—all BS.

Oswald as sole suspect, P. 2 (Chpt. Writing strategies)

@ Handley to Rosen 11/23/'64 62-1009060-128 Pix of Oswald w/ rifle
Curry tells press that pix "This clinches it." That is, Oswald's guilt in killing of JFK. . . .No forensic evidence needed. . .Pressure from WDC (has to be). . .
HSCA interview w/ Joe Ball 12/18/'1976 HSCA interview . . .Ball's ridiculous defense of Brennan's WC testimony. . .at this late date. Source: Weisberg archives from his office files on Joseph A. Ball. . .* (F 5/item 6).

@ Griffith to Conrad 12/10/'63 62-109060-1775 FBI/Naval Photo Center find no evidence of anyone at the "sniper's nest/SE corner of 6th floor at time of the shooting. . .(exonerates Oswald.) Match with the Sept. memo from Belmont to Tolson. . .LHO did not fire a rifle on 11/22

@ Check press accounts for 11/25 for stories of Oswald as sole assassin on the same day of Katz memo to Moyers. (More in the Katz file) [F. 5/item 9]; see for ex. Item 12 in F.5)

@ Evans to Belmont 11/26/'63 (Key) * Example of Katz concern about public acceptance of "official line" (my "" marks). . . .At this time the idea was to have CD 1 reviewed by Justice (Katz willing to assume this responsibility) . . . time of essence. Buried JFK on Monday (25th) and bury the truth asap w/ FBI report. 2 Belmont sees no problem w/ the report. Problem was LHO's motive. . . (F.5/item15)2

@ Rosen to Belmont 11/23/'63 62-109060-128 notes that Curry at 8:22 P.M. that pix of Oswald holding rifle seals the case as far as he is concerned. . . According to Curry "This clinches it." (F. 5Item 17)
