#FBI & Evidence Day one to Day three. . .F 1/ /doc 17 & F1/doc. 18 Hoover to LBJ phone conversation where Hoover notes that "evidence they have (Dallas PD) is not very, very, strong." Point here is (FBI had most if not all the evidence) at Bulab. . .F1/doc. 17 scan for evidence exonerating Oswald on Days 1, 2 & 3 before he was murdered. . . [Also review Early Docs. File). F.3/doc 16 Jevons 11/27/'63 no need to employ sophisticated (and new) NAA testing at this time since evidence against Oswald fairly convicted him . . .

Outline/Areas for Development: The Lynching of Lee Harvey Oswald.

The 46 hours. . . Subject matter in no particular order:

# Scandal of OSWALD'S interrogation . . I need a time frame for the 46 hours he was incarcerated (F 1)/doc. 5 These are Fritz's hopeless notes for the 12 hrs of interrogation. . . handwritten notes. I will counter w/ docs on SS use of tape recorder. . . Make a travesty of Fritz's argument that he had entered request in last 2 budgets for \$\$ for a tape recorder w/ no success!!!!!! See back of lastpage for citation of material. (F1/doc. 9) Mae Russell on chronology of Lee's arrest (good source). Get idea of time he was interrogated.. (F2/doc. note that LHO agreed to a polygraph once he had counsel. . . \*\*\*\*F 3/ doc. 9 w/ some good stuff p. 2 Hosty discovers his notes of interrogation just in time for publication of his book; Fritz's notes released by ARRB 11/20/97 (I have copies). . . Belmont lays out case against Oswald based on nothing but appearances and not on any evidence. . . \*\*\* Classic revelation of what was in motion here. . . Verdict first and then trial . . F.4/doc 1Kelley affidavits (7H 403) attended 4 interviews /Oswald, 3 on 23 and 1 on 24<sup>th</sup>. . . he took notes (note); Hal raises question whether this was all of Kelley's "total written memoranda." \*\*\* What he notes that is of interest is that Kelley was never called as a witness before WC. Hal surmises the reason. In Kelley's 11/29 report he noted that he drew Oswald aside and LHO told him once he had a lawyer either he or his lawyer would open up to Kelley he would answer questions about the assassination . . . This Hal concluded made him persona non grata w/ the Commission \*\*\*\*I want to make sure I use this. \*\*\*\*F. 4/doc. 5 Interesting question raised by WC staffers p. 3 only statements are available official statements about Oswald and what he said . . . not direct testimony or statements made by Oswald. . . F. 3/doc. 14 Ian's piece on Griggs.
