DMARC-Sheet

1. Fritz to Curry 12/23/'63 Box 3, F. 14, p. 4 of report (p 441) 0986-004 He reads off the evidence of 11/22. . . Found in Oswald's room the map marked off the TSBD, etc. . . that was crap. Also notes 4 bullets recovered from Tippit's body all of same caliber of revolver Oswald was arrested with. . . Slew of witness affidavits. . . all this evidence led to complaint filed on Oswald and after reviewing the evidence with DA Wade, Ass. DA Bill Alexander, and Jim Allen a former prosecution, Fritz filed a complaint on Oswald for killing Kennedy at 11:26 p.m. on 11/22/'63 . . . He notes that all this was done in a hurry because FBI Drain picked up the evidence at what time. (Somewhere in Early Evidence File the time was about 3:XXX p.m. Dallas time when Drain took the evidence. . . . Dallas authorities had no time to evaluate the evidence in any responsible way before placing Oswald in the frame. . . Then FBI jumped on it and ran with it. . . with no better grasp of the evidentiary facts. . . But they had a suspect. . . (Question: was Oswald being set up by elements within the Dallas police--- Reville and the intelligence branch . . .

*Think Drain picked up the bullets
Needs correction to save TIME*

2. Fritz to Curry 12/23/'63 Box 3, F. 14 Notes the set up re: Truly points out that Oswald was missing after the shooting. . . as though he was the only one who left the TSBD after the assassination . . . (I need to knock this down with documented evidence). . . . Since he was missing Fritz speculates that he "was apparently running." Notes that blanket in Paine garage held the rifle. . . Marina said the rifle resembled the one that Lee owned. . . (this story had changed from earlier versions. . . now at this telling Lee was dead. . . ad discovery of the backyard picture. . .

3. F.M. Turner Box 3, F. 13 0984-007 . . . Possible case of an Oswald double/false Oswald. Witness names Ronald Fisher who claimed he saw Oswald's face in the window of the 6th floor (sniper's nest). . . not definite but looked like Oswald From the ground up to the 6th floor the

DMARC, P. 2

distance was perhaps 90 feet or more. . . ++++ I would need to go back and pick up the date. More importantly, gun shop owner had a work order under the name of Oswald . . . rifle was left with him. He could not id the man who left the rifle (after seeing Oswald's pix). . .But he did comment on the scope , calling it a "cheap scope" . . .

4. Turner again p. 5 of his report. False lead by caller who sites a gun shop where Oswald may have had the K1 sighted on 11/21. . .all turned out to be a bum lead . . .
5. Senkel, p. 4 He notes line up with Oswald in no. # 3 spot. . . Check names of the other 3 mentioned. Were they members of the Dallas detective unit like Senkel??? Box 3, F. 12, p. 4 Notes that a map of the city found in Oswald's room . . .
6. Senkel , p. Box 03, F.12 , o981-003 He notes that Oswald was brought into Dallas Hqers at about 1:50 P.M. and the arresting officers said he had killed Tippit. . .
7. Hulls from Tippit shooting Box 3, F. 11 0979-001 Note that 2 hulls from Tippit shooting were found by "unknown w/m (white male) . . .and received from officer Poe who never bothered to get the name of the citizen . . .
.???*??*
8. Notes Box 03, F. 07 0948-002 notes that Fritz signed murder complaint with Bill Alexander (Ass.DA) naming Oswald as Tippit's killer at 7:03 P.M. Based on nothing more than witness testimony. . .They had nothing more because the FBI had all the evidence by that time. . .Drain took it under his control around 3:00 something P.M. . . ***** (unseemly haste/typical of Wade's office. . . or is there something more sinister at play here. . .
9. Dr. Rose's descriptions of Tippit's wounds Box 3, F. 24 1055—0

10. Report again confirming that Oswald was generally No. 3 in all the line ups.
. .but not exclusively no. # 2 Box 03, F. 05 0920-001
11. **** Sims/Boyd report Box 03, F.04 The report notes over days span of 11/22 to 11/23 Oswald was interrogated at least 4 times including on at least 3 occasions the presence of Fritz, FBI agents and SS agents. . .Query: How is it possible that no one thought to get recording equipment for these sessions. . . FBI and SS were supposed to the top internal security components of the national government. . . This scenario is not possible.
*** Might want to file with Oswald as sole assassin . .
12. Box 02, F. 03 0476-001 This is Bowley's affidavit when he cites time when he spotted the dead Tippit at 1:10 p.m.
