Det. 487, 22 West Washington Street, Chicago 6, Illinois. This information was passed on to Capt. Fritz, who stated he already had that information.

On Sunday, November 24, 1963, I heard about the incident in the City Hall basement shortly after noon. I came on to the City Hall. I talked to Lt. Smart and Lt. Swain and helped them go through property they had recovered from Jack Ruby's car. We made a complete list of this property which has been typed up. Then Lt. Swain, Senkel, and I placed it in the Property Room. On Sunday night, November 24, 1963, a Ray John of Channel 8 News called this office stating that he had an anonymous phone call that stated they thought Oswald had the rifle sighted in on Thursday, November 21, 1963, at a gun shop at 211 or 212 Irving Boulevard. We checked and found an Irving Sport Shop at 221 East Irving Boulevard, BL 3-5309. A Woodrow Greener, BL 2-8492, owns this shop and has a man named Dial D. Ryder, 2028 Harvard, Irving, BL 3-4876, working for him. He states that he and Ryder have talked about this and have seen photos of Oswald and photos of the gun in the paper and neither can remember doing any work for this man, or any work on this gun. He will check his files for names and call back if he finds anything. He states that another reason that both of them think that they never worked on this gun is that in the photo the screws that hold the clamp that holds the scope on the rifle look like they are on top of the gun, and he thinks that neither of them ever saw a gun with a scope mounted with these screws on top.

On November 28, 1963, I talked to Mr. Greener again. He states that they found a work ticket back in the rear of the shop. This ticket has no date on it, but the best they can figure out this work probably came in November 4

to November 8, 1963. This ticket has the name Oswald on it and "Drill and Tap", \$1.50 and Bore Sighting \$1.50. He states that neither he nor Ryder can remember the face, or doing any work for this man. From the photo of the gun they still think that they did not work on the gun; however, he states that they will be glad to look at the rifle and see if they can recognize their work on it. The handwriting on the ticket is Mr. Ryder's. He states that they will check their cash register tapes and see if they can determine about when the rifle was picked up and when it was paid for.

We contacted Mr. Greener at his house in regards to picking up the work ticket that had been written up in the name of Oswald, Drill & Tap \$1.50 and Bore Sighting, \$1.50. Mr. Greener states that he has orders from a Mr. Horton of the F. B. I. to hold on to this ticket and not let it out. This ticket was written up in pencil by Mr. Ryder who works for Mr. Greener. This was Monday, November 25, when Mr. Horton of the F. B. I. first contacted them.

This phrase "drill and tap" as used by a gun smith means to drill a hole and using a tap to put threads in to attach a scope mount. They charge \$1.50 a hole to bore these holes, this would mean that the mount on this scope would have three screws in it. The phrase "bore sights" means to attach a spud to the barrel of the rifle and then using a sight align tool they will attach this spud to this tool and align the cross hairs. Mr. Greener states that most mounting for scopes have to use 4 screws, states there are only two or three, the Springfield 03AM and the British 303 that use 3 screws in the mount. He states that they do not sell the ammunition that would fit the 6.5 calibre Italian gun. He is going to check his cash register tapes tomorrow and see if he can determine when approximately this order was picked up by the \$6.00 service charge that would have been paid. Mr. Greener's home address is 2015 Rosebud Drive, BL 2-8492.
