SUBJECT: ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS

PURPOSE:

To advise an article appears in the Washington Post, 11/21/66, "Life Urges Review of JFK Death." The article quotes John Connally of Texas, as saying one bullet caused the President's first wound and that an entirely separate shot struck him. This is merely a restatement of his testimony before The President's Commission on 4/21/64.

There is my absolute knowledge...that one bullet caused the President's first wound and that an entirely separate shot struck me. It is a certainty, I will never change my mind."

The Commission in its report established three shots were fired; one of which wounded the President and Governor Connally, one missed and one was responsible for striking the President in the head.

NOV 28 1966

Governor Connally testified before The President's Commission on 4/21/64, which is revealed in Volume IV of the "Hearings Before The President's Commission on the Assassination of President Kennedy" beginning on page 129. On page 141, when the Governor was theorizing who Oswald's target was, he stated
