## P. 2 Ian Griggs on Line Ups

controlled demeanor according to the two officers who were w/ him all the time he was in lock up.

I shift to pp. 90ff for more on Brennan. . . Ian makes point that Brennan allegedly was at a line up on evening of 11/22. . . but no time was give and there is no evidence that this took place. The only corroboration comes from Brennan himself. . .He cites Brennan's posthumously-published book Eyewitness To History. See fn 55 for cite. . .

PP. 93/94 Ian notes that there is no mention of this 11/22 line up that Brennan has in his book. There is no mention in the documents of a "5<sup>th</sup> line up" involving Brennan. . . Ian cites McCloy's quizzing of Fritz about this Brennan alleged show up on 11/22 where Brennan id Oswald. . . . 4H 227 for Fritz's non-answer answer to McCloy's question if Brennan was ever at a show up. . . .

Closing points: Asks why does the WC contend that Brennan attended a line up when there is no evidence presented to confirm this. . . .and then the Report asserts that he did not. . .p. 95

Ian closes with deserved criticism of the Commission and the Chief Justice, the top law man in the country, where it was stated Warren and his cohorts "were satisfied that the line ups were conducted fairly."
