Document declassified 11/9/'95 Alleged Hoover statement: He notes that FBI was warned of a lynching of Oswald and FBI notified DP Dept. . . .nothing was done to ward against the attack . . . (MY POINT IS THAT Oswald was never meant to be allowed to stand trial . Hoover is writing this at 4:00 P.M. on 11/24 and he notes in passing that Oswald was shot and died about 45 minutes ago. He did not live long enough to make a confession. (How fucking inconvenient). Wake up. That was the plan by the plotters> P. 2 Hoover says that DP didn't have a case against Oswald until FBI gave them the evidence that the Bureau had collected (What could that have been. One wonders). P. 2 at bottom: Hoover concerned that LBJ Hoover wanted it all down and dirty. The President wants to appoint a commission to "make a determination." Hoover alternative: A Justice Dept. Report made to President based on the FBI Report. All controlled and tied up right. Next to last graph: Hoover squarms about Oswald's civil rights being violated ----"which they were," he concedes.
