Notes for Oswald as Sole Suspect from AF-1 files

Major docs I want to cite: Correct cite for Teddy White's volume. I want to cite the Salinger 's on time of news of JFK's death and his assailant. Same interest w/ the Cabinet plane with Dean Rusk. . . .and his assistant secretary of state w/ description and naming of the assailant at 12:45 (circa) CST as Lee Harvey Oswald.

I will need to cite Inspector Sawyer's report on the shooter from "unknown source" . . . having "Oswald" or shooter w/ same vital stats as "Lee Henry Oswald" in the CIA's Counterintelligence shop run by Angleton (need to check back with . . . .

Clay's cite of a contact from 112 Intelligence Group from San Antonio just before the first shot. . . . Was this the source of Sawyer's information that he was unable to identify????

MASTER LIST TO SOLE SUSPECT, Supplement, P. 3

451 Robert Manning was Assistant Secretary of State for public affairs..News of shooting came across the radio. With that Rusk got on the radio with the White House Situation Room. . . . after learning of JFK's death "the news came that someone named Oswald who had been in the Soviet Union had done this." No mention here of the time this message was received. I think Salinger's account may have the time (CST) at about 12:45. . .\*\*\*need to check (see my essay for Keenan ms. Need to add Teddy White's account. . . and get it correct. Also Salinger account if I can find (time was given, I believe). . .
