

Early Evidence #2

Roffman “When Did Oswald Plan to Shoot JFK?”

- CD 395 Hosty interview with Truly Sets time when DTH on 11/21/63 set out the motorcade route
- The paper did not appear until after 10:30 AM on 11/21
- Frazier testifies to WC 2H222 that Oswald asked for ride that day before 10:00 A.M. Date of his testimony???? Before Truly’s appearance.
- Truly testifies WC on 3/24 (3H218)/ He tells Belin a different story—does recall workers at TSBD all excited on 11/21 about JFK passing the building. Point: Truly could have been coached to change his story he told Hosty to nullify the import o Frazier’s previous WC testimony.
- May 5 Hosty appeared before the WC 4H471-2 and he repeated the same story he laid out in his 1/17 report (CD 329)
- The two maps. The 11/21 and then one appeared 11/22 in Morning News (see Hal’s WW I for copy). . .Roffman notes that neither map appeared by Commission.

Make point that Truly’s change in memory that supports the govt. case against Oswald not the first time. See how Givens was coerced into his story---see Meagher on this. Any other examples. Early Evidence file: FBI report on Frazier and Daughtery. . . Both were shaped to fit the conclusion of Oswald guilt.

If Truly’s Hosty account is correct: Oswald comes across as an impulsive sociopath—spur of the moment impulse to shot the president. . . another authority figure like Walker, etc. See Warren’s disclosure to Drew Pearson. . . Had Marina not sexually repulsed him that night of 11/21 he might not have

Roffman, p. 2

brought his rifle to work the next morning. . . .How Warren had locked into acceptance of the official version.

**See attached Doc. 12/11/63 say DL to Director*

Check Marina's testimony of Lee that night. What did he do at the Paines. He left no note like he allegedly did when he went after Walker. He almost overslept for work on 11/22; no time for breakfast.

Develop the whole question re: motive. See the July trans of the shrinks who did a postmortem analysis of JFK's killer. Could have some fun with this. Check Wrone on Oswald's attitude toward the Kennedys. . . .

Develop more of the curtain rod story as a possible alternative. See Wrone on this also. I have Day's report on curtain rods found in the warehouse. . . .See Hal's WW for Frazier and sister's description of the package Lee carried to work that day. Check also FBI Dallas Index under "curtains."

Daughtery's WC testimony. . . Check with BOT

J. Jaesten - Oswald: Assassin or Fall Guy - have description of Room at No. Buckley use in curtain Rod story.
