Dear Harold,

Just a quick note to let you know that I found an apartment in Forest Hills, and so if you need accommodations when you're in town you're welcome.

I'm not moving in until the middle of April, but my new address at that time will be 99-24 65th Road, Forest Hills, Queens. At any rate, I can continue to receive mail etc at my present address because my parents will still be here and my name will stay on the mail box.

Not much else is happening here. I got together with Bob Murphy (WB71) the other day, and he's planning on doing a series

on the assassination and the Shaw
trial. The night we got together Dick
Sprague was showing his photos to
Trent's class at Alameda Univ., and
I took Murphy up there. He was impressed,
and he offered to make some air
time on WBAI available to Dick. I
don't know if they've made any final
arrangements.

It seems ~~like~~ as if the Ray
fiasco is the straw that broke the
camel's back. Do you think that per-
haps the media is at last waking up
to the implications of what's going on ar-
ound them? I wonder how the justice
dept. is going to squirm out of this one.
This is the time to get as much public-
ity as possible for the Treacy photo.
Incidentally Charles Stephens is quoted
in the NY Post of 3/12 as saying "I'm
not even sure I can identify the
man I saw as Ray."

Gotta go. I have lots of homework.

Sincerely,
Phil
