

WALKER FILE

In April (after 4th attempt on Walker's life) DL police. Police find photos of Walker house in Paine garage on 11/22 or 11/23 found by Irving police of "Oswald" in backyard with rifle and pistol holding copy of the W@orker (or Militant). . .

When does Marina ID these as photos Lee took. . . .(How many times do FBI confront her with these snaps???)

No negatives of these backyard photos. . . .

Add here tray paper for the bag. . . .See WC testimony of Troy West Vol 6 p.356 tells the WC that the paper of the alleged paper bag was the paper he put in the machine on 11/22 (check date here). . . .So how could Oswald have made a bag out of this paper when he alleged made the bag on 11/21 or earlier????
