Mr. Alfred Goldberg,
825 Princeton Street,
Santa Monica, California 90403.

Dear Mr. Goldberg:

Thank you for your letter of June 2nd.

I share your feeling that it would be desirable to have a history written of the President's Commission on the Assassination of President Kennedy, and I am of the opinion that Lee Rankin and yourself could write it with more insight than anyone else I could suggest.

However, I believe it would be unwise for me to interest myself in trying to finance it because it would be considered by many as self-serving. I am sure you will understand.

With best wishes, I am

Sincerely,
