

Note attached to Secret Service file re: Pierce Allman

This deals w/ LHO's movements. Use this in conjunction w/ affidavit of Caroline Arnold.

Also where is McNeill's account that it was LHO who pointed out the phone to him on the first floor of the DTBD building right after the assassination.

The Allman interview is not conclusive but it is strongly suggestive. There is no exact time in the document. But it is clear that the WC had the SS interview w/ Allman and the other radio employee mentioned by Oswald.

Were either Allman or Terrance Ford ever questioned by the WC?

Did Belin or Ball ever talk to them. Wasn't Belin and Ball responsible for recreating Oswald's movements?

*They should
have been*
