Dear Mr. McKnight:

This is in response to your letter of August 25, 1997, requesting information concerning intercepts of Senator John J. McCloy's telephone conversations believed to be part of the recent NSA release.

I conducted a thorough document by document search of the records of the National Security Agency. This search included all documents of the NSA, including those that had been released previously. We were able to locate one document that is somewhat responsive to your request. It concerns McCloy's doubts about the credibility of the Warren Commission's investigation. We were unable to locate any additional items. If you are able to provide us with additional information, such as record identification numbers, we will be pleased to conduct an additional search of the records.

Our records indicate that you are entitled to 67 free copies of assassination related records. The enclosed copies total 5 pages. You are now entitled to 62 additional pages in response to future requests.

Please let us know if we may be of further assistance.

Sincerely,

RAMONA BRANCH OLIVER
