Dear Ms. Oliver:

I have been going over the Justice Department 129-11 files on the JFK assassination. During the process I came across two documents, which I have enclosed, pertaining to John McNaughton.

As far as I know McNaughton was the only one of the select government officials cleared to read the FBI Report (CD 1), who roundly criticized it as inadequate. For his efforts, the Bureau launched a villification campaign against him, one calculated to draw blood.

I have tracked down the documentary evidence of this FBI smear campaign in the FBI Main JFK Assassination file (62-109060) but I would very much like to have a copy of the letter McNaughton wrote to his boss Nicholas Katzenbach on December 16, 1963.

I thought perhaps the enclosed documents might facilitate a search for the McNaughton letter.

Thank you,

Gerald McKnight
