9/9/98

Dear Ms. Murphy:

I want to thank you for sending me a guide to Record Group 272. It will be exceedingly helpful when I make my next visit to Archives II.

In the meantime, is it possible for you to send me a copy of the autopsy report on Lee Harvey Oswald. The autopsy was conducted by Dr. Earl F. Rose on 11/24/63. The only identification number I can come up with is No. 1463-356. I have no series level description. If this is beyond the staff to undertake a search do you have any idea where I might begin my own search when I find the occasion to get to the Archives.

Sincerely,

Gerald D. McKnight
