Dear Professor Mc Knight,
& phoned you last November to
inquire about the publication of your
important book on the Poor People's
Campaign.

You were then looking at a possible
Fall '97 publication by Westview Press,
Colorado.

In any case you suggested that I
check with you again "in August or September
of '97," & that you'd be happy to get
back with me with the publication information.

So here I am again with the same
question, though a little later than you
indicated. Do you have the good news of a date?

I do hope to be able to read your
work as soon as possible. I am trying to
understand the reasoning behind the King
assassination. I believe the Poor People's
Campaign fits into that.

Best wishes in your work. Jim Douglass
