

EX SESS

Inventory of FBI "June" file, 620109090 Sections 136-160, HQ Referrals

There is a batch of docs. from Hoover to JD and WH re: Jim Garrison's medical discharge from the US Army. All this related to the 1967 Garrison NO trial.

None were copied but could be called upon later for reasons not imagined at this point.

There is a lengthy summary of William Turner's article on Garrison case in "Ramparts" for January 1968.
