

EX SESS

Note: The "June" designation on both the 62-109090 and the 105-82555 sections reflects only the designation the Hal gives to this collection in the basement. None of the Referrals are "June Mail."

The only "June Mail" designations that are legitimately "June Mail" are so noted on the inventory sheets.

Note: There are some inventory sheets missing.
But copies of some docs. from the
missing sheets are in this collection.
