FBI interview of Jim Tague

1. Hoover to Rankin 6/30/'64 re: Notes FBI interview of Jim Tague on 12/14/'64. Relates what Tague said about being hit by pece of curbstone. Also discusses James Underwood photographing the curb, etc. Nothing more.

Oswald/Nixon thing again

2. Hoover to Rankin 6/29/'64 re: in further investigation it was discovered that Nixon planned to be in Dallas on business on Nov. 21 and 22, 1964. See why FBI was trying to get Marina to say that it might have been LBJ who visited Dalles about two weeks after the Walker shooting. The Nixon buisness makes no sense otherwise.

More on the Tague bullet

3. Rosen to Belmont 6/8/'64 re: Refes to UPI story in the Dallas Times Herald (6/5/'64) "reported by an unnamed auto salesman " FBI identify his as Tague. Belmont goes onto say that etails about same as in FBI Dec. 1963 interview except a bit more dramatic . . . Belmont thinks he might be attempting to gain publicity. Yes, by remaining anonymous. (Tague referred to as an auto salesman which he was not.) Then he goes on "Based on information developed recently, it is possible that one of the fired shots by Oswald did go wild. . . . " This might be a reflection of the April Eisenberg meetings. . . .

More on Nixon's trip to Dallas--Was it printed in papers for Oct. 1963?

6. Director to FBI NY 7/20/'64 re: Rosemary Woods believed it was in papers for October 1963. This would give credence to Marina's claims about Lee and threat to shot Nixon. This prompted her to lock Lee in the bathroom. (Keep look out for D1 FO to see if they locate the story.)
