FBI response to questions about CD 1 on autopsy and WC final conclusions on autopsy

1. Hoover to Mrs. A. Mason 2/10/'68 re: FBI policy that FBI speaks only for itself and no other agency or group involved in any phase of the inquiry into the assassination. This was standard FBI response on this.

2. Hoover to Gary Jones 9/25/'68 re: Standard FBI response that FBI will still follow any pertinent leads on case if they arise. (Once again, FBI unofficially closed the investigation. See the Allen tickler for date.)

FBI's continued interest in critics of the WC/FBI

3. Jones to Bishop 1/6/'69 re: FBI files on Fensterwald, et al who make up National Committee to Investigate Assassinations. BF was chief counsel for Long committee looking into FBI wiretapping. Need to check on this for detail.

4. Rosen to DeLoach 1/14/'69 re: more on Fensterwald
