

S. Meagher Corres.

Re: Jerry Policoff (1970-1971)

Re: Folder contains JP ccs of JP's corres. Nothing from SM. There is a sharp exchange bet. him and Howard Roffman re: HW and his claims on exclusivity w/ the "death certificate," etc. Roffman is defense of HW's claims. JP pointing out that HR is too much under Wesiberg's spell. This took place in 1972.

JP efforts to get HW's Frame-Up published earlier.
