Re: Combined Correspondence:

New Orleans File (1967-1968)

Re: Selected SM correspondence with critics on the Garrison case.

Contains some indexing. Also a chronology of the G Case. Could be useful.

New York Times(1966-1971)

Re: Contains letters to editor of the NY Times on the JFK assass. Also contains an exchange bet/ SM and David Belin over the article on the Givens testimony. Belin's rebuttal in the Texas Observer. Also a Belin op. ed. piece defending the work of the WC and a SM rebuttal. Worthwhile to review.

SM to Dr. John Nichols(1968-1970s)

Re: Deals mostly w/ Nichols FOIA suit for medical records on the JFK case.

Note: Letter written by SM in 1971 when she admits she has "dropped out" on the JFK case. Not too much of SM in this folder.
