

Mr. President -----

*Ordered  
to Kennedy*

The black chair you want for your space at the table  
in the Cabinet room will have to be made — *B/60*

There is only one in existence in Washington --- it  
is here in the Capitol (Was used by President Kennedy  
here in the Oval Room) with his desk waiting movement  
to Smithsonian Institution. *(Used Kennedy's  
in order filed)*

To make the chair will take 3 to 4 weeks.

Do you want to use President Kennedy's in the meantime?
