

LEE HARVEY OSWALD AND MARINA OSWALD

DOCUMENTARY RECORD OF CONTACTS WITH
THE UNITED STATES DEPARTMENT OF STATE AND
THE IMMIGRATION AND NATURALIZATION SERVICE

This file is divided into four parts. The first is a memorandum summarizing the Oswalds' contacts with the State Department and the Immigration and Naturalization Service. This memorandum refers to exhibits by number and also contains certain references simply to page numbers without any other explanation. The exhibits are all contained in the second part of this file, in numerical order. The page references are to the third part of this file, which is a collection of documents supplied to the Commission by the Immigration and Naturalization Service. This third section of this file is numbered from 1 to 112, and the INS has stated it constitutes their entire file on Lee Harvey Oswald and Marina Oswald.

The fourth part of this file is a memorandum on Lee Harvey Oswald's and Marina Oswald's contacts with the Immigration and Naturalization Service. This memorandum was prepared as one of the steps towards preparation of the all-inclusive memorandum which constitutes the first portion of this file, but we believe that the INS memorandum may have some independent value and it has therefore also been included.
