Mustang a Link to King Murder?

A Philadelphia civil rights leader said Friday he believes a 1965 white Mustang abandoned for two years in a downtown parking garage here was "somehow involved" in the assassination of the Rev. Dr. Martin Luther King Jr.

Mercel Randolph, board chairman of the Philadelphia chapter of the Southern Christian Leadership Conference said he believes the car either was driven by the man who killed Dr. King or was used as a decoy to lead police away from the murderer.

Speaking at a press conference at the Mt. Olivet Baptist Church, 42d and Wallace sts., Randolph said a white, 1965 Mustang with Georgia tags has been parked at a garage at 12th and Chestnut sts. since September 1968, almost four months after Dr. King's death.
