eLoach to Mohr 12-12-63 Re: Assassination of the President

I told Ford in strict confidence that the Director concurred with his viewpoint. I mentioned that our investigation thus far had conclusively shown that Oswald operated by himself and that Ruby additionally was a loner. However, FBI investigation was still pending on a large number of rumors, speculation and gossip and it, therefore, would be quite unfair for the Commission to take a stand prior to all the evidence being turned in. Ford stated this was his point entirely and that although he was a minority of one he intended to stick to his point.

Ford told me that John McCone, Director of CIA, had, approximately one week ago, gone up to his office and told him that CIA had uncovered some "startling information" in the Oswald case. McCone proceeded to tell Ford that a source of CIA's in Mexico had seen money exchange hands between Oswald and an unknown Cuban Negro. Ford stated this excited him greatly inasmuch as it definitely tended to show there was an international connection involved in the assassination of This atrows how garmeno the President.

ma ame in. N I told Ford that apparently McCohe had failed to follow up on this matter I mentioned that CIA's source had recanted his story and had indicated that it was a figment of his imagination. However, to prove the unstable tendencies of this source, the source had later claimed that he was actually telling the truth. I pointed out that we were still checking some angles of this, however, the CIA source was obviously either unstable or somewhat of a psychopathic liar. Ford stated he could certainly see this. from will we dinish

Ford indicated he would keep me thoroughly advised as to the activities (the Commission. He stated this would have to be on a confidential basis, however, he thought it should be doné. He also asked if he could call me from time to time and straighten out questions in his mind concerning our investigation. I told him by all means he should do this. He reiterated that our relationship would, of course, remain confidential.

We have had excellent relations with Congressman Ford for many years. He has been given an autographed copy of the Director's book "A Study of Communism" and has been in touch with my office on numerous occasions in the past.
