CABLE TO LEGAT, MEXICO
RE: LEE HARVEY OSWALD
     IS - R - CUBA

NOTE: We received information from CIA prior to assassination that
Oswald was in contact with Soviet Embassy, Mexico City. We did not
receive information from CIA re contacts that Oswald is known
to have had with the Cuban Embassy in Mexico City until after
the assassination. We plan to make this a point in our answer to the
Commission re our analysis of Oswald's Mexican trip. We want to be
on sound ground, however, that the Legat, Mexico, did not receive
such info locally from CIA.
