Dear Mr. Hoover:

In connection with its review of arrangements for safeguarding the President, the Commission would appreciate being furnished any materials which have not already been furnished, in the following categories:

- a. Any written description, which existed at the time of the assassination, of criteria employed in determining what information coming to the attention of the Bureau should be furnished to the Secret Service.
- b. Any written description, which existed at the time of the assassination, of the procedures employed in carrying out liaison with the Secret Service in connection with safeguarding the President.
- c. Any memorandum or study of the matters covered in a or b above, which has been prepared since the assassination, including any consideration of any change in such criteria or procedures.

To the extent that written materials do not now exist with respect to these matters, it would be of great assistance to the Commission if a written report or reports thereon could be prepared and made available.
