

UNITED STATES GOVERNMENT

Memorandum

(4)

TO : SAC, DALLAS (100-10461)

DATE: 12/7/63

FROM : JAMES R. MALLEY  
Inspector, Bureau

SUBJECT: LEE HARVEY OSWALD, aka.  
IS - R - CUBA

Inspector TOM KELLEY, Secret Service, telephonically advised at 9:50 AM, today that JAMES HERBERT MARTIN, at whose home MRS. OSWALD is now staying and who has become her business manager, is beginning to push rather hard in attempting to line up interviews with various publications in order to earn money for MRS. OSWALD and apparently for himself as her business manager. KELLEY stated that yesterday Stern (PH) Magazine, of Germany, had offered \$12,500 for an interview with MARINA OSWALD in order that they might get a full story from her. KELLEY stated that there have been several other offers for interviews with MARINA, and that undoubtedly these offers would increase. KELLEY advised that up until this time, the Secret Service interpreter has been handling conversations between MARINA and MARTIN and that inasmuch as Secret Service has been trying to hold back any contacts with the press, and other news media, MARTIN was now attempting to make arrangements for GEORGE A. BOUHE, a member of the Russian Colony in the Dallas area. BOUHE was given as a reference by OSWALD at two places of employment, in Dallas. KELLEY stated that Secret Service is in the position of not permitting MARINA OSWALD to have any contacts with news media and that he did not feel this could go on indefinitely. He stated that he was looking for guidance in connection with this matter. KELLEY was advised that the FBI could not furnish him any guidance in this matter, that we were desirous of having MRS. OSWALD available for interviews but that we could not give him any guidance. I told him I would pass on his comments to my Washington headquarters and that it would appear very desirable for him to contact his people in Washington as to any action they might desire to take.

The foregoing was furnished to DON MOORE, in the Domestic Intelligence Division at 10:05 AM and it was suggested that he alert Assistant to the Director BELMONT, so that he would be aware in the event any contact was made with him by head of Secret Service JAMES ROWLEY.
