Re: Marina This sheet from new documents

I should review my old Marina chapter that was not included in "Breach." These chapters included in folder *C14A Folder*

1. Rosen to Belmont 12/4 105-82555-348

Marina under SS protective custody. Martin arranged press conference for M. SS after checking w/ FBI scrubbed the idea. Rowley probably heard from SOG to drop the idea. *Key Doc*

2. Belmont to Tolson 12/5 105-82555- 269

Follow up on a pres conference for Marina at request of her promoter Martin. Belmont holds to FBI position that pres conference was out.

3. News story on Marina's desperate plight. FBI clipping 62-109060-138? Control of her was air-tight. She was not able to see body of Lee until he was brought to cemetery

4. FBI had mail cover on Marina while she was in so-called "protective custody."

5. Note on Trish's seminar paper and Marina material. Could be useful.

6. Batch of docs and Hal notes on Marina's surveillance.

⊙ Conflict last. FBI + SS over Marina's custody - did FBI "blackmail" SS because it threatened to incriminate together - described as Willard hotel trip.

⊙ SS/FBI + press over violation of Marina - esp the press. Called on Rowley to get SS to back off on this

⊙ Marina's truthfulness - FBI could check - feed what it wanted to believe and not give credence.

⊙ Average of Marina via all FBI - Surveillance + interrogations - Extreme -
