Marina 14 Bottom Drawer

Doc. #1 SS Patterson report 11/25/1963 of interview with Marina. She said the rifle in question was at her home 3 weeks before shooting. Sounds unlike Marina. . . . Patterson thought her a Communist. Says Marina said she was a Castro supporter. That is even more absurd.

Docs# 2 Series of news stories (Mostly NY Times) Discusses Marina's being held in secrecy. . . . No press access. She is being quoted in press via govt and Martin. . . . Point to develop here is she was cut off from all her former friends. Especially Ruth Paine (for Paine see doc. in 14A. Also efforts of ACLU to make contact are denied. . . . She is held incognito (getting the story straight that govt wants).

Doc. #3 Hal note that rejects DPD statement that Marina gave it a signed statement that Lee owned the alleged assassination rifle. See his WWII on Marina. Hal claims she denied this two days later when SS was sweating her. . . .

Doc. # 4 Howe to SAC, Dallas, 12/4/1963 100-10461-1053 Oswald's weekends from 10/22 to 11/22... Did he always go to see Marina on Friday. Notes that on one Friday (other than 11/15-17) he did not show because he was applying for a job; on he did not get. At the time he was working at the TSBD. If it can be established that he did apply for a job while at TSBD this would put a hole in any idea that he was planted at the TSBD for the purpose of shooting JFK.

Doc. # 5 Heitman to SAC, Dallas, 12/10/1963 remarks about a threat to marina and children

Doc. # 6 Malley to SAC, Dallas, 12/10/1963 100-10461-972 FBI Brown remarks that SS was getting tired of baby sitting Marina. True or not? Maybe tired of responsibility when not getting any chance to interrogate>>>>>>

Doc. #7 Shanklin to File 12/13/1963 100-10461-1231a Notes that Marina still being interrogated and expected to continue until 12/20. Seems like it might have been on a daily basis. In this case Dallas wants to keep Boguslav on job because he is skilled and can "calm Marina down

Doc.# 8 Heitman to SAC, Dallas 12/6/1963 100-10461-1319 Gives example of the power the FBI had over Marina in one regard. . . .#####

Doc.# 9 Shanklin to File 12/19/1963 100-10461-1532 FBI concerne3d about Press impatience to get to Marina (charges of incommunicado). Notes that Martin and lawyer want her available to press because \$\$\$\$ is involved. Note also that FBI laid responsibility on SS "to keep her from the press". . . .FBI can persuade her not to speak to press, Shanklin thinks, but could all blow up if Martin got wind, etc. Very sticky.

Doc. # 10 Shanklin to File 1/6/1964 100-10461-2313 FBI still interrogating Marina. . Rankin requested that FBI suspend while Marina answers some questions for the Commission. Clear from this that Dallas FBI not finished with Marina!!!!!!! See attached docs for some idea of areas FBI wants to refocus with her. Concerns were MOTIVE, Oswald in Mexico, others that were redacted. . . .

Doc. # 11 Several docs that raise questions about Marina's credibility
One deals with the Nixon story (there is more in Folder 14A) and the other two are first
disclosure of her affair with martin at the Willard while in DC testifying before the
Warren Commission. Also a document on Marina's tales about the rifle and Lee's
practicing at a range near Love Field, etc. . . .(all suspect).

Doc.# 12 Shanklin to File 2/24/1964 100-10461-3663 and 3664 Still more interrogation of Marina at this late date. When was she released from SS custody?

Doc,# 13 Deals with Fisur schedule of her home. These dates cover 2/14 to 2/27. . .Manpower assigned for detail.
