Section Chief W. A. BRANIGAN advised at 11:30 AM today that he had had a call from the Commission today and they had noted that MARINA OSWALD would be testifying in Washington tomorrow. The Commission made reference to their letter to Bureau 5/20/64, which was sent to Dallas Office by airtel, 5/25/64, in which the Commission made a request for rather extensive investigation concerning the WALKER allegations. The Commission wanted to know if there is any of the investigation which has been completed, if the Bureau could call it over to them before MARINA OSWALD starts talking to them tomorrow.

I advised BRANIGAN that the investigation was lengthy, that SA LEE and SA BARRETT had worked all last week on it, and that I thought the investigation was complete, but did not know for certain whether it had been mailed as yet. Mr. BRANIGAN requested that he be called back and advised. He noted that the Commission is going to talk to MARINA regarding it as her statements now just don't jibe.
